WHO WE ARE

About **ABC**

It all starts with ideas, planning and implementation — until success. Your projects are covered by us.

ABC Technical Solution Limited is a multidisciplinary engineering, procurement and industrial supply company. We provide quality products, engineering expertise and dependable technical services that enhance productivity, safety and operational efficiency.

5
key industrial sectors served across Tanzania

We keep **your standard.**

The company was established to provide comprehensive engineering, procurement and technical support services for industrial and mining operations. We combine experienced professionals with reliable global suppliers to deliver cost-effective solutions — on time, safely, and to specification.

- Mining
- Construction
- Manufacturing
- Energy
- Infrastructure

WHAT DRIVES US

Our purpose & **principles**

MISSION

Our Mission

To deliver reliable engineering solutions, quality industrial supplies and exceptional customer service while maintaining the highest standards of safety, integrity and professionalism.

VISION

Our Vision

To become the preferred engineering and mining support partner in Africa.

Our Values

Seven commitments behind every job

Integrity
Honest, transparent dealings with every client and supplier.

Safety
Zero Harm comes first — on every site, every shift.

Innovation
Smarter methods and modern technology for better results.

Quality
Inspected products and workmanship that meet specification.

Customer Focus
Solutions shaped around your operation and goals.

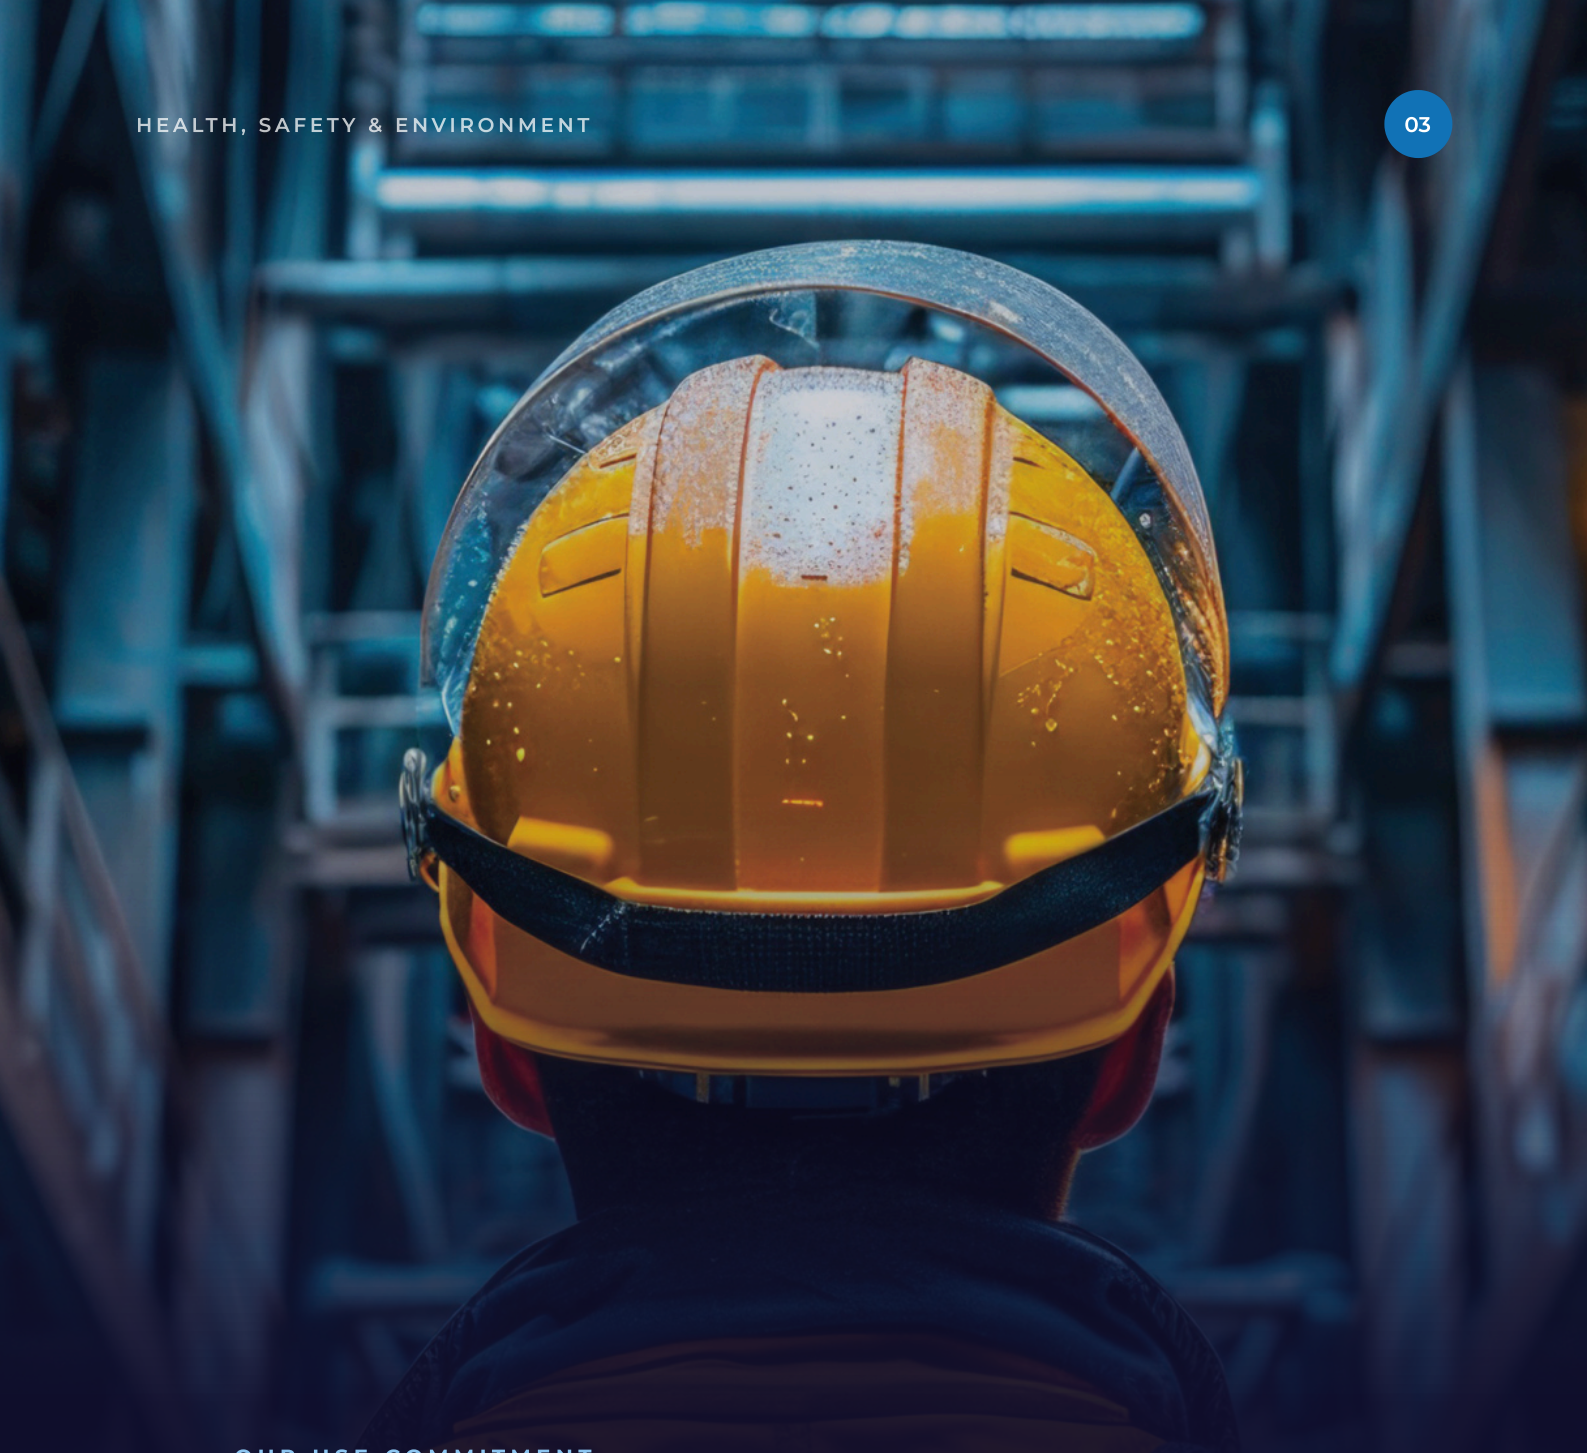

Teamwork
Engineers, technicians and suppliers working as one.

Sustainability
Responsible work that protects people and environment.

Our Promise
We keep your standard — from planning to completion.

> We are committed to supplying quality products and services through continuous improvement, supplier evaluation, inspection procedures and customer satisfaction.

COMMITMENT TO QUALITY & CLIENT SATISFACTION

OUR HSE COMMITMENT

Zero Harm.

ABC Technical Solution Limited is committed to Zero Harm by implementing effective HSE systems, conducting risk assessments, ensuring compliance with legislation and promoting environmental sustainability.

01
Effective HSE systems
